SUMMARY

A dedicated engineer with a strong educational foundation in Computer Science Engineering, I possess practical experience as a Front End Developer at Lascaux Designs, specializing in ReactJS and Nextjs. Previously experienced as a freelance web developer, I've developed responsive landing pages and various web apps, always prioritizing user experience and stakeholder satisfaction.

WORK EXPERIENCE

Front-end Developer

Lascaux Designs , New Delhi

Dec 2023 - Present

- Championed the creation of an interactive e-commerce site front end, collaborating with a skilled team of interns; the site experienced increment in user interactions, reflecting improved customer retention metrics.
- Learned and applied React libraries in the existing codebase, resulting in about a 40% reduction in page load time and an 80% increase in browser compatibility.
- Created interactive websites with semantic HTML, CSS, and ReactJS, employing Web-pack build tools to streamline development; reduced deployment time by 30% and increased code reusability across projects.
- Implemented SEO best practices and schema markup to improve website visibility and search engine rankings.
- Demonstrated proficiency in fostering collaborative relationships within teams and articulating innovative solutions with clarity and impact.

Web Developer

Freelancing, Kota, Raj.

Nov 2022 - Dec 2023

- Developed a responsive landing page for a GMAT community website and various other websites, crafted to capture the essence of the community and provide an intuitive and enjoyable user experience.
- Monitored project progress, kept stakeholders informed, actively sought and incorporated feedback.
