EDUCATION

Bachelor of Technology, Computer Science <i>Modi Institute of Technology</i>	Kota, Raj.
XII Standard <i>Private Candidate, PCM</i>	Kota, Raj.
X Standard <i>Aklank Public School</i>	Kota, Raj.

EXPERIENCE

Front End Developer <i>Lascaux Graphics</i>	2024 – 2025 <i>Remote</i>
- Engineered the company's e-commerce website redesign project, applying modern design and accessibility standards using front-end libraries & frameworks like React and Nextjs. - Collaborated with Back-end developers, ensuring successful integration of front-end components with Back-end systems, reducing integration issues by 30%. - Participated in daily Agile stand-ups, used Git/GitHub for version control, and followed Jira for task tracking. - Assisted in bug fixing and performance tuning, including image lazy loading and reducing render-blocking JavaScript.	
Freelancing <i>Web Developer</i>	2022 – 2023 <i>Kota, Raj.</i>
- Developed responsive websites and single-page applications (SPAs) using HTML, CSS, JavaScript, and frameworks like React and NextJs. - Collaborated with clients to understand project requirements, creating prototypes to ensure design alignment and functionality. - Achieved high client satisfaction by delivering projects on time and within budget, leading to repeat business and referrals.	

PROJECTS

Fitness App (Fitness Labs) <i>Github Live</i>
Engineered a user-friendly web application for customizable workout plans based on fitness objective (strength power, growth hypertrophy, etc.) with progress tracking. Architected responsive UI with React hooks and custom reusable components.
Chapter & Verse — Async Book & Movie Club Tracker <i>Github Live</i>
Full-stack web app (Django, DRF, JavaScript) that lets reading/watching groups vote on content via ranked-choice voting and discuss it asynchronously without spoilers, using progress-based content gating.
Movie App (The Cinephile) <i>Github Live</i>
Developed a personalized user-friendly web application to explore movies, TV shows, and different genres aims to enhance movie discovery for cinema lovers. Leveraged TMDB API for fetching movie data such as plot summaries, release dates, ratings, and trailers.

TECHNICAL SKILLS

Programming languages: Python, JavaScript, HTML5, CSS3, C, C++, SQL
Frameworks and Libraries: ReactJS, Tailwind CSS, Redux, Bootstrap, Django
Others: Git, OOPS, Data Structures, REST APIs
Tools: VS Code, PyCharm, Netbeans, Figma

ACHIEVEMENTS

- Completed a Nano Degree Program in DSA using Python from PrepInsta.
- Engaged in a high-level Robotics workshop hosted by IIT Bombay during college.
- Completed C++ Training from VGT Technologies PVT LTD 2019.
